**Depo Provera Lawsuits:  
What New York Residents Need to Know**

Depo-Provera is a hormonal birth control injection containing medroxyprogesterone acetate that is administered every three months to prevent pregnancy.

While many in Westchester County and throughout New York have relied on Depo-Provera for contraception, reports of harmful side effects have raised concerns. If you or someone you know has been affected by Depo-Provera, you may be wondering about your legal options.

A woman with long dark hair, wearing a white shirt with black polka dots, is shown from the chest up, holding a smartphone to her ear with her right hand. She appears to be driving, as the background is blurred. The image is overlaid with a dark blue semi-transparent box containing text.

## TYPES OF DISTRACTED DRIVING

- Phone use
- Eating or drinking
- Applying makeup/grooming
- Adjusting mirrors, AC, or radio
- Horseplay with other passengers
- Reaching for objects

LE

April is Distracted Driving Awareness Month, a crucial time to recognize the dangers of driving while distracted. Whether it's texting, eating, adjusting the radio, or any other activity that takes your attention off the road, even a momentary distraction can lead to serious accidents.

As advocates for safety and justice, we've seen firsthand the devastating consequences of distracted driving. This month, we urge everyone to stay focused behind the wheel and commit to safe driving habits year-round. Let's work together to make our roads safer!
